Birth of automotive industry led to establishment of new enterprises on the one hand and breathed a new life into operating on the other hand. Automotive industry again acknowledged its role of economy locomotive: SC “Uzavtosanoat” involved into the process a row of enterprises, providing them with new opportunities and new phase in production. Enterprises, which started to extend issue of consumer goods, presented new vacancies, especially for youth, contributed into development of social sphere and improvement of the districts.

Swiss-Indian-Uzbek Joint Venture “East Butterfly” was founded in August 21, 1991. Science and Production Association “Vostok” became shareholder form Uzbek side, “Gangadharam Appliances Ltd.” Company (Concern) from Indian. On January, 2005 Company got one more partner – Swiss Company “Miller Trading GmbH”. Enterprise produces kitchenware according Indian technology with the usage of Indian, German, English equipment. Enterprise specialists passed trainings in India. JV “East Butterfly” is a unique in Central Asia producer of ecologically friendly kitchenware made of high-quality stainless steel.

Enterprise production – kitchenware.
