"Uz-Dong Yang" is a Company in charge of interior trim for "GM Uzbekistan" vehicles.

Uzbek-Korean Joint-Venture "Uz-Dong Yang Co." was founded in 1996. To date, Company provides details of interior finish for Nexia, Damas and Matiz models produced by Asaka Automotive Plant. Door trim, ceiling panel, carpets, laying – is a main list of production.

Special attention is paid to staff training. In connection with this big number of enterprise specialists passed trainings in South Korea.

There are high requirements to carpet laying. Even the most demanding consumer will be satisfied with passenger compartment of his/her car.

Enterprise production – details of car interior trim.
