In accordance with the Resolution of the President of the Republic of Uzbekistan #PP-1213 dated to October 28, 2009 establishment of Plant for production of sound insulation parts for JSC "GM Uzbekistan" vehicles was included into Investment program. SC "Uzavtosanoat" and "HANWOOGLOBAL" became shareholders possessing equal shares. That way new enterprise LLC "Uz-Hanwoo" located in Andijan was founded.

Building and construction works on LLC "Uz-Hanwoo" were finished in short terms. And in December, 2009 first consignment of sound insulation parts was delivered to "GM Uzbekistan". As a result new employment was created – for today more than 159 employees work there. Korean specialists organized local training program for LLC "Uz-Hanwoo" staff. Moreover all specialists passed advanced trainings on mastering of sound insulation parts at "GM Uzbekistan" and Turin Polytechnic University in Tashkent. Experience of Korean and Uzbek specialists made "Uz-Hanwoo" production fitting all international characteristics. Plant staff notices that quality of sound insulation parts are in line with all modern requirements.

Enterprise production – sound insulation parts.
