Uzbek-Singapore Joint Venture “IDAS ELEKTRONIKS SISTEM” was founded in May 24, 2007. Enterprise arranged production of CD/MP3 players for local auto producer GM Uzbekistan on September, 2008.

To date, “IDAS ELEKTRONIKS SISTEM” produces CD/MP3/USB players and digital watches for Damas, Nexia, Matiz, Lacetti and Spark models. Quality of production meets international standards. Annually Company is audited by foreign audit organizations. On November 19, 2010 Company became competition laureate “for the best product of Uzbekistan” organized by “UzStandard” Agency in the framework of World Quality Day.

In 2009-2010 “IDAS ELEKTRONIKS SISTEM” implemented large-scale works on reconstruction of production areas and purchased equipment for stamping room made by Japan and Taiwan. New line was launched with the support of Malaysian Company “Bluemetal SDN.BHD.”, at that period enterprise started production of metal components for CD/MP3 players.

Enterprise production - CD/MP3 players.
