«Our goal is to strengthen the desire for a great future in the hearts of our young people»

«Independence has provided us with such a tremendous opportunity in the development of the national automobile industry, where we must not be limited to theoretical aspects, and should give priority to practical matters, pay special attention to the training of specialists capable of improving domestic cars in accordance with modern requirements.

The opening of the Turin Polytechnic University in Tashkent is another important step in our tomorrow, a great future. This school will be raising leading specialists in the areas of automobile construction and real professionals in a number of other important sectors.»

I. Karimov

(“Xalq so’zi” August 30, 2010)
