

Question answer

[Home](#) Question answer Ask a question:SIROJIDDIN AKRAMOV Do Uzbek producers of light vehicles and trucks take part in International Exhibitions? Replied:JSC "UZAVTOSANOAT" PRESS-SERVICE

They do on regular basis. In August of current year JSC "Uzavtosanoat" took part in International Auto Show in Moscow. Three cars from Uzbekistan, well known for Russian car owners - Matiz and two sedans Gentra and Nexia were displayed at the Motor Show. Great interest was attracted by details and component parts of Uzbek automotive industry: 1,5 l. engine, engine cooling systems, steel discs, lightning systems, generators, speedometers, electric components, chassis, exhaust systems, stamped details and etc. JSC "Uzavtosanoat" stand arose vivid interest of Exhibition visitors and numerous participants of Moscow International Auto Show.

Ask a question:SAYDULLAEV BOBUR

2. Is it possible that Nexia production will be suspended due to production of new Chevrolet Cobalt?

Replied:JSC "UZAVTOSANOAT" PRESS-SERVICE

Long ago Nexia achieved a status of customers' favorite on local and foreign roadways. New Chevrolet Cobalt immediately caught customers' interest and today is the most salable car of the class. So, GM will produce both Nexia and Cobalt to meet customers demand.
